President’s Statement on Equal Opportunity and Non-Discrimination

Florida State University is an equal opportunity employer and educational provider committed to a policy of non-discrimination for any member of the University’s community on the basis of race, creed, color, sex, religion, national origin, age, disability, genetic information, veterans’ status, marital status, sexual orientation, gender identity, gender expression, or any other legally protected group status. This policy applies to faculty, staff, students, volunteers, visitors, applicants, and contractors in a manner consistent with applicable laws, regulations, ordinances, orders, and University policies, procedures, and processes.

In pursuing its mission of excellence as a comprehensive, graduate-research university with a liberal arts base, the University strives to create and maintain a harmonious, high-performance work and educational environment. Conduct that discriminates, harasses, or intimidates by threat, is contrary to our commitment. Further, workplace behavior that is disruptive to the operations of the University or that impairs workplace discipline interferes with this mission.

It is my expectation that all members of our community are provided equitable opportunities to succeed and enrich the strength, skill, and character of the University. It is also expected that all members of our community will help create a work and educational environment that promotes fairness, respect, and trust, free from discrimination, harassment, or retaliation.

The University will continue to reinforce its commitment of non-discrimination to all groups protected by local, state, and federal law. We will continue to monitor our methods of recruitment, retention, and advancement of qualified faculty, staff, and students and annually examine our affirmative action plan, as prescribed by federal guidelines, to measure whether our campus is reflective of the community we serve.

The University further recognizes that discriminatory or harassing behavior may create an intimidating or hostile environment that interferes with the University’s mission. As a result, the University has established internal complaint procedures available to all who believe their experience on any of our campuses has been less than appropriate.

To facilitate University-wide compliance, I have appointed Renisha Gibbs, Associate Vice President for Human Resources/Finance and Administration Chief of Staff, to develop, administer, and coordinate University-wide initiatives and complaint investigations. This will be accomplished through collaboration with the Title IX Director; the Division of Student Affairs; the Office of Faculty Development and Advancement; the Athletics Department; and all University divisions, colleges, and departments.

Questions regarding the above may be directed to your supervisor or Renisha Gibbs at (850) 644-8082 or rgibbs@fsu.edu. To view the University’s Equal Opportunity, Non-Discrimination, and Non-Retaliation Policy in its entirety, go to https://policies.vpfa.fsu.edu/policies-and-procedures/faculty-staff/equal-opportunity-and-compliance-eoc#I3.

President’s Statement on Title IX

“No person in the United States, shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” Title IX of the Education Amendments of 1972, and its implementing regulation at 34 C.F.R. Part 106 (Title IX).

In accordance with Title IX, as a recipient of Federal financial aid, FSU does not discriminate on the basis of sex/gender in education programs and activities. In 2020, the US Department of Education adopted new Title IX regulations defining sexual harassment and specifying procedures for the investigation and adjudication of allegation of sexual harassment. FSU has created Policy 2-2a Title IX Compliance Policy to supplement Policy 2-2 Anti-Sexual Misconduct Policy in order to implement the new regulations; both policies can be found at https://regulations.fsu.edu/policies/offices-president. Effective 8/14/2020, under the Title IX Compliance Policy, sexual harassment is defined as: sexual assault (including forcible rape, forcible sodomy, sexual assault with an object, forcible fondling, incest, and statutory rape); dating violence; domestic violence; stalking; quid pro quo; and unwelcome, severe, and pervasive conduct of a sexual nature. Additionally, other forms of sex discrimination and sexual misconduct not included in this definition are prohibited by law and continue to be included in the Anti-Sexual Misconduct Policy.

Furthermore, the Florida Educational Equity Act prohibits discrimination in schools based on race, ethnicity, national origin, gender, disability, or marital status. Fla. Stat. § 1000.05 (2019). FSU’s commitment to addressing and eliminating all forms of discrimination on the basis of sex is reaffirmed in FSU’s Sex Discrimination and Sexual Misconduct Policy (https://regulations.fsu.edu/sites/g/files/upcbnu486/files/policies/president/FSU%20Policy%202-2.pdf), which is applicable to all faculty, staff, students, visitors, applicants, and contractors.

The University’s Title IX Coordinator/Director is the designated University authority responsible for overseeing the development of sexual misconduct policies, ensuring compliance with Title IX and relevant federal and state regulations, and investigating Title IX complaints alleging student sexual misconduct. The Human Resources Deputy Coordinator will oversee investigations of alleged sexual misconduct by employees and third parties. The Athletics Deputy Coordinator will accept Title IX incident reports to forward to the Title IX Director and will ensure athletics equity compliance. The FSUS Deputy Coordinator(s) will oversee investigations of alleged sexual misconduct by K-12 students. Reports regarding Title IX, as well as concerns about and complaints of non-compliance (including sexual harassment, sex discrimination, or other sexual misconduct), should be submitted to https://report.fsu.edu. Additionally, any questions may be directed to the Title IX Director/Coordinator or a Title IX Deputy Coordinator.

Complaints will be addressed following the University’s discrimination and harassment complaint procedures contained in its Equal Opportunity, Non-Discrimination, and Non-Retaliation Policy, Anti-Sexual Misconduct Policy, Title IX Compliance Policy, and the
Student Code of Conduct. Some acts of sexual harassment or misconduct may also constitute violations of criminal law and require mandatory reporting to the FSU Police Department, e.g., sexual battery, indecent exposure, sexual abuse. In such instances, refer to the University’s Sex Discrimination and Sexual Misconduct Policy and contact the FSU Police Department at (850) 644-1234. Questions about the application of Title IX may also be directed to the Office of Civil Rights, US Department of Education.

It is my expectation that all members of our community are provided equitable opportunities to succeed and enrich the strength, skill, and character of the University. It is also expected that all members of our community will help create a work, educational, and living environment that promotes fairness, respect, and trust, free from discrimination, harassment, or retaliation. Behavior that may be considered offensive, demeaning, or degrading to persons or groups will not be tolerated.

Conflicts of Interest

Sexual relationships between faculty/graduate assistants and students, even if consensual, may become exploitative especially so when a student’s academic work, residential life, or athletic endeavors are supervised or evaluated by the faculty member.

The respect and trust accorded a faculty member/graduate assistant by a student, as well as the power exercised by the faculty member/graduate assistant in in their department/unit role, make voluntary consent by the student objectionable. Although consensual sexual relationships between persons of unequal institutional power do not necessarily constitute sexual misconduct, there is an inherent conflict of interest between making sexual overtures and exercising supervisory, evaluative, or other institutional authority. In their relationships with students, faculty members/graduate assistants are expected to be aware of their professional responsibilities and to adhere to university policy, avoid conflict of interest, favoritism, or bias. The following policy concerning conflicts of interest and sexual relationships with students applies:

Consensual sexual relationships between faculty members and undergraduate students are a conflict of interest.

Consensual sexual relationships between faculty members and graduate students are a conflict of interest when both parties are affiliated with the same degree program, or department, and any circumstances in which the faculty member directly or indirectly exercises evaluative, or supervisory authority over the student, or may be reasonably expected to do so in the foreseeable future.

Sexual/romantic relationships between graduate assistants and students where a direct supervisory or evaluative relationship exists are a conflict of interest.

Any such relationship must be ended immediately and disclosed to the faculty member/graduate assistant’s supervisor immediately.

Direct supervision includes any type of evaluative role. Examples of direct supervision of the student include teaching the student’s class, serving as a thesis or dissertation director, instructor of record, member of the student’s thesis or dissertation committee, member of the student’s comprehensive or doctoral exam committee, member of other committees where the focus is evaluation or supervision of the student’s academic competence or the student’s assistantship.

Indirect evaluative or supervisory authority includes any circumstance where the faculty member holds institutional authority over the student or has academic responsibility over the student. Examples include mentoring, advising, participating in decisions regarding funding or other resources, or providing recommendations for admissions, employment, fellowships, or awards. This includes when a faculty member is serving as an advisor in a formal tutoring program or student club.

Individuals with Disabilities

Florida State University adheres to Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA), as amended by the Americans with Disabilities Amendments Act of 2008, in prohibiting discrimination against any qualified individual with a disability. Any student with a disability may voluntarily self-report the nature of the disability and identify needed accommodations to the Office of Accessibility Services, call (850) 644-9566. Florida State University’s 504 Coordinator is:

Amber M. Wagner, Assistant Dean & OAS Director,
Florida State University Fall 2023 Registration Guide

HIV/AIDS Policy

Students, employees, and applicants for admission or employment at Florida State University who have or who may become infected with HIV will not be excluded from enrollment or employment or restricted in their normal responsibilities and access to University services or facilities due to their HIV/AIDS status, unless individual medically based judgments establish that exclusion or restriction is necessary for the welfare of the individual or of other members of the University community. That is, the University will not discriminate against otherwise qualified HIV-infected applicants, students, or employees.

University Health Services is responsible for monitoring developments with regard to HIV/AIDS, acting upon and administering the policies of the Florida Department of Education Division of Colleges and Universities and the University concerning HIV/AIDS and coordinating the University’s efforts in educating the University community on the nature and prevention of the disease.

The University will be guided in its implementation of this policy by current authoritative medical information, applicable federal and state law, Florida Department of Education Division of Colleges and Universities’ HIV/AIDS Policy, and the guidelines suggested by the Centers for Disease Control, the Public Health Service, the American College Health Association, and the Florida Department of Health.

Florida State University has designated HIV counselors through University Health Services who are available to provide confidential HIV testing for FSU students. Any interested students should call (850) 644-4567 to schedule an appointment.

c) The University maintains the right to forward possible violations of federal or state laws, local ordinances, and University regulations, to the proper authorities through the Florida State University Police Department.

VI. Health Risks.

Alcohol consumption may cause a number of changes in behavior which are related to dose, rate of intake, body size and percentage of body fluid, expectations, social environment, physical conditions (disease or, more commonly, hormonal cycles can be factors), enzyme differences, and concentration of alcohol in a drink. It may increase aggressiveness, lower inhibitions, cloud judgment, reduce resistance, and hamper the ability to make decisions.

Alcohol first affects the area of the brain responsible for higher functions, such as decision-making and social inhibitions, suppressing an individual’s self-control. Alcohol in the blood can slow reaction time, reduce muscle coordination and impair eyesight, contributing to deficits in performance, judgment, memory, and motor skills. Even low doses can significantly impair the judgment and coordination required to drive a car safely. Florida State University reiterates that no one should ever drink alcohol and drive. The designated driver should never drink alcohol.

Moderate to high doses of alcohol may cause marked impairments in higher mental functions, altering a person’s ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol may produce the effects just described above.
VII. Educational Resources and Support.

In support of responsible management of alcohol, the University provides numerous resources and support services available to students, faculty, and staff of Florida State University, including alcohol education, counseling, treatment, rehabilitation, re-entry, prevention, and intervention, as well as other educational programs and volunteer opportunities. Below are just a few of these resources and services.

Following the AOD Evaluation sessions, a recommendation is made to the student regarding need for counseling treatment. Counseling treatment is provided to students on a voluntary basis only. ## Florida State University Health Risks of Illicit Drugs

Illicit drugs all have some health-threatening qualities—some more than others. Examples include increased heart rate and lung damage from marijuana; central nervous system disorders from cocaine, heroin, and hallucinogens; and liver, lung and kidney damage from inhalants. HIV infection also is spread widely among intravenous drug users. Even infrequent use of illicit drugs can result in physical afflictions, such as hangovers, cardiovascular damage, digestive problems, tremors, impaired sexual response, and injuries due to lost coordination. Other possible effects include reduced alertness and impaired performance at school or work, interpersonal conflicts, and financial difficulties. Dependence and addiction are constant threats to users of illicit substances. Regular abuse of these substances generally exposes users to criminal elements, which may lead to involvement in further criminal activities.

### State and Local Penalties: Illicit Drug Penalties

The penalty for possession (second-degree misdemeanor) is sixty days jail and $500 fine. Penalties for trafficking (first-degree felony) range up to thirty years imprisonment and fines of $500,000.

**Note:** These are only for information. State sanctions are subject to change by the Florida Legislature.

## Florida State University Standards of Conduct

State of Florida statutes declare that it is unlawful for any person under 21 years of age to consume or possess alcoholic beverages. Consequently, no one under the legal drinking age may consume, distribute, or possess alcohol on University properties or as part of any University activity.

It is unlawful to sell, give, serve, or permit to be served alcoholic beverages to a person under 21 years of age. Furthermore, servers can be held civilly liable for damage caused by underage drinkers to whom they provided alcoholic beverages.

It is unlawful to be under the influence of, to use, possess, distribute, sell, offer, or agree to sell, or represent to sell, narcotics, hallucinogens, dangerous drugs, or controlled substances, except as where permitted by prescription or law.

## Florida State University Use of Social Security Numbers

In accordance with Florida Statute 119.071(5), students and employees should be aware that Florida State University collects and uses social security numbers for the purpose of performing certain University duties and responsibilities as follows:

- Certain aspects of employment related to federal tax reporting, generation and reporting of I-9 documents, direct deposit, insurance policies, retirement benefits, state and federal reporting requirements;
- Identification and verification of student records, including admission, registration, financial aid, and academic records, as well as verification of identity in connection with the provision of the University’s services;
- State and federal reporting of student data as required by law;
- Release to contracted vendors for the purposes of state and federal reporting or provision of contracted services for the faculty, staff, and students of the University;
- Release to commercial entities engaged in the performance of a commercial activity provided the social security numbers will be used only in the performance of a commercial activity and provided the commercial entities make a written request for the social security numbers conforming to the requirements of Section 119.071(5)(a)7b.(I)-(IV), Florida Statutes.
- Release to the Florida Board of Governors as follows:
  - When necessary for the performance of the Board’s constitutional duties and responsibilities, including but not limited to:
  - In conjunction with tort claims and tort notices of claim against the Board of Governors [Required by Fla. Stat. § 768.28(6), and Fla. Stat. § 119.071(5)(a)1]
  - When the disclosure of the social security number is expressly required by federal or state law or a court order [Authorized by Fla. Stat. § 119.071(5)(a)6]
  - When the individual expressly consents in writing to the disclosure of his or her social security number [Authorized by Fla. Stat. § 119.071(5)(a)6]

The University does not use social security numbers for student identification; instead the University creates a unique identifier for each student called the EMPLID.

## Notification of Students’ Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights are:

1. The right to inspect and review the student’s education records within forty-five days of the day the University receives a request for access. Students should submit to the registrar, dean, or head of the academic department (or appropriate official)
written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes is inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, S.W.
   Washington, DC 20202-4605

   Students have the right to obtain a copy of Florida State University’s student record policy. You can obtain a copy of the policy from the Office of the University Registrar, A3900 University Center, Florida State University, Tallahassee, FL 32306-2480.

Note: Under Federal Statute, the University is authorized to and may release records to other institutions without notification to the student, when the student is applying for admission.

Release of Student Information

The disclosure or publication of student information is governed by the policies of Florida State University and the State of Education within the framework of state and federal laws, including the Family Educational Rights and Privacy Act of 1974.

The written consent of the student is required for the disclosure or publication of any information that is: (1) personally identifiable of the student and (2) a part of the educational record. Certain exceptions to that generality, both in types of information that can be disclosed and in access to that information, are allowed within the regulations of the Family Educational Rights and Privacy Act, as described in the following paragraphs:

A. Subject to statutory conditions and limitations, prior consent of the student is not required for disclosure of information in the educational record to (or for):

1. Officials of the University with a legitimate educational interest. A school official is defined as a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility;

2. Certain government agencies;

3. Accrediting organizations;

4. Certain financial aid matters;

5. Certain research circumstances;

6. Health and safety emergencies;

7. A court pursuant to order or subpoena, so long as the student is notified in advance of the University’s compliance; and

8. As otherwise provided by law.

B. Subject to statutory conditions and limitations, prior consent of the student is not required for disclosure of certain types of information for:

1. Portions of the educational record for which the student has signed a waiver;

2. Portions of the educational record that are exempted by law including records of law enforcement agencies of the University; employment records of the student within the University as long as the student’s employment is not predicated upon his or her status as a student; personal records of instructional, supervisory, or administrative personnel; and alumni records related to that student; and

3. Records transmitted to another school or school system in which the student seeks or intends to enroll, since the University generally forwards these on request.

Note: More specific information regarding such exempted information can be obtained by contacting the Office of the University Registrar, A3900 University Center. For the complete text of the applicable statutes refer to Section 1006.52, Florida Statutes,
C. Prior consent of the student is not required for disclosure of portions of the educational record defined by the institution as “Directory Information,” which may be released via official media of the University:

1. Name
2. EMPLID
3. Date and place of birth
4. Official FSU email address
5. Local address
6. Permanent address
7. Classification
8. Major
9. Participation in official University activities and sports
10. Weight and height of athletic team members
11. Dates of attendance
12. Degrees, honors and awards received
13. Most recently attended educational institution
14. Digitized FSUCard photo

Important: The information above, designated by the University as “Directory Information,” may be released or published by the University without prior written consent of the student unless exception is made in writing by the student.

Request to Prevent Publication of Directory Information

Students may inform the University in writing of the student’s desire to prevent publication of such “Directory Information” or release of such information except as required by law. Appropriate forms for such action are made available by the Office of the University Registrar.

Caution: Until the University can develop the necessary sophistication in our data systems, a student’s request to prevent the release of publication of some of the items of “Directory Information” may result in preventing the publication of all items on that list, including graduation lists, honors, and award lists. The student can help avoid such errors with a gentle reminder to the Office of the University Registrar.

For complete information related to the policies outlined above or concerning the procedures regarding waivers and consent forms, or to challenge the accuracy of the educational record, please contact: Office of the University Registrar, A3900 University Center; Florida State University, Tallahassee, FL 32306-2480.

Illegal Downloading of Copyrighted Songs and Movies

Illegal downloading and file sharing of copyrighted music, movies or other entertainment files is intellectual property/copyright infringement. Illegal downloading and file sharing activities maliciously expose the University’s network, computing systems and personal computers to destructive computer malware (viruses, spyware, worms, trojan horses, rootkits, keystroke loggers, etc.), and denial of service attacks. Illegal downloading activity significantly increases the risk of exposure to personal identity theft and irreparable or costly damage to both University and personally owned computing devices.

The potential consequences of illegal downloading and file sharing are extremely serious. There are both civil and criminal penalties for illegal downloading and file sharing:

• In a civil suit, an infringer may be liable for a copyright owner’s actual damages plus any profits made from the infringement. Alternatively, the copyright owner may avoid proving actual damage by electing a statutory damage recovery of up to $30,000 or, where the court determines that the infringement occurred willfully, up to $150,000. The actual amount will be based upon what the court in its discretion considers just. See 17 U.S.C. § 504.

• Penalties to be applied in cases of criminal copyright infringement [i.e., violations of 17 U.S.C. § 506(a)], are set forth at 18 U.S.C. § 2319. Congress has increased these penalties substantially in recent years, and has broadened the scope of behaviors to which they can apply. Statutory penalties are found at 18 U.S.C. § 2319. A defendant, convicted for the first time of violating 17 U.S.C. § 506(a) by the unauthorized reproduction or distribution, during any 180-day period, of at least ten copies or phonorecords, or one or more copyrighted works, with a retail value of more than $2,500 can be imprisoned for up to five years and fined up to $250,000, or both. 18 U.S.C. §§ 219(b)(1), 3571(b)(3).

• Defendants who have previously been convicted of criminal copyright infringement under 18 U.S.C. § 2319(b)(1) may be sentenced to a maximum of ten years imprisonment, a $250,000 fine, or both. Finally, a defendant is guilty of a misdemeanor violation if he violated rights other than those of reproduction or distribution, or has reproduced or distributed less than the requisite number of copies, or if the retail value of the copies reproduced or distributed did not meet the statutory minimum, or if other elements of 17 U.S.C. § 506(a) are not satisfied. Misdemeanors can be sentenced a maximum of one year and can be fined a maximum of $100,000. See 18 U.S.C. §§ 2319(b)(3), 3571(b)(5).

Law firms representing the entertainment industry aggressively investigate instances of music and movie “pirating”, and upon identifying the offenders, are increasingly invoking the applicable laws to reap financial settlements and awards totaling thousands of dollars.
The University is not legally empowered to protect, represent, advise or otherwise assist students who become subject to legal proceedings because of copyright infringement. Students who are sued, offered an out-of-court settlement, or cited for criminal copyright infringement must obtain their own legal representation.

In addition to civil and criminal penalties, violators will be subject to the University’s disciplinary proceedings:

- **Student Conduct Code** A student found to be in violation of provision is subject to the outcomes defined in Section G. Examples of outcomes that may be imposed for violations of the Student Conduct Code include reprimand, educational outcomes, restitution, probation, suspension, and dismissal.

- **Florida State University Policy OP-H-6 “Use of University Information Technology Resources”** (https://policies.vpfa.fsu.edu/policies-and-procedures/technology): A student found to be in violation of provision C.1.a (11) may lose University computer privileges as defined in paragraph F.2.

For further information regarding the downloading of electronic objects and media, please visit: https://its.fsu.edu/its-policies-guidelines/illegal-downloading-copyrighted-songs-and-movies.

**General Bulletin Statement of Purpose and Notice**

This *General Bulletin* is not a contract, either expressed or implied, between the University and the student, but represents a flexible program of the current curriculum, educational plans, offerings, and requirements that may be altered from time to time to carry out the administrative, academic, and procedural purposes and objectives of the University. The University specifically reserves the right to change, delete, or add to any provision, offering, academic curriculum, program, or requirement at any time within the student’s period of study at the University. The University further reserves the right to withdraw a student from the University for cause at any time. Students are on notice that admission to the University or registration for a given semester does not guarantee the availability of a course at any specific time. Likewise, admission to the University or registration for a given program of study within the University, or a department or college of the University, is not a guarantee of a degree or of certification in a program.

* Please refer to the College of Engineering (COE) Schedule available in the COE Student Services Office or at https://www.eng.famu.fsu.edu/students/final-exam-schedule. In instances of schedule conflict between the main campus and the engineering campus, the main campus schedule will take precedence. The engineering instructor will accommodate/reschedule to resolve the conflict.

University Final Examination Policy

Scheduling a final examination or a test in lieu of a final exam at any time other than the regularly scheduled final exam period is a violation of University policy.

Unless an exam is given during the final examination period, no test may be given during the last week of classes.

The final exam schedule is based on the standard class meeting times for Monday/Wednesday/Friday classes, and Tuesday/Thursday classes.

- **“Block Exam” Classes.** For classes that have a block exam scheduled, all class sections will have the examination on the assigned block exam day and time, regardless of the meeting schedule of the class sections during the semester.

- **Regular Scheduled Classes.** The exam period is determined by the start time of the first class meeting during the week. For example, Monday/Wednesday/Friday classes meeting during the first class period (8:00 a.m.) of the standard meeting times will have the exam schedule slot for the Monday, 8:00 a.m. class.

- **Classes Meeting on Only One Weekday.** The exam time is determined by the first standard meeting time that precedes or encompasses the start of the weekly class start time. For example, the exam time for a class that meets every Monday 5:00–8:00 pm. would be based on the standard Monday start time of 4:50 p.m.

- **Classes Meeting Every Day at the Same Hour.** These classes will hold examinations according to the time and day of the first scheduled class meeting of the week. For example, a class meeting
Examination Policy for an Undergraduate Class Utilizing the Assessment Center

Classes that utilize the University Assessment Center for a block exam, or which are otherwise limited to specific days and times because of seating and scheduling constraints, will take precedence in the case of final-exam schedule conflicts. It is the student’s responsibility to identify such conflicts as early as possible and to notify all instructors in advance so that accommodations may be made.

Make-Up Examinations

The possibility of a conflict between final exam times exists, particularly for classes that meet in the evening or only once each week. It is the student’s responsibility to identify at the beginning of the semester if a conflict exists and make arrangements with the instructor to take the exam at an alternate time during the University’s official final-exam period. Make-up exams may be scheduled at any time during final exams week, between Monday at 7:00 a.m. and Friday at 5:00 p.m.

Exceptions to the Examination Policy for an Individual Undergraduate Student

Approval by the Academic Dean of the college in which the class is taught is required for an individual undergraduate student seeking an exception to the examination policy. The student must first receive written permission from the instructor that the instructor is willing to give a rescheduled final exam at a specified time within the exam week. The student must then petition the dean, giving the reason for the requested exception, and supported by the instructor’s written permission. The dean will then notify the instructor in writing if the approval is granted.

Rescheduled final examinations are permitted for an undergraduate student when justified by illness, official documented accommodations on record with the Student Disability Resource Center, conflicting examinations, three or more examinations in a twenty-four-hour period, or for certain emergencies. Arrangements should be made prior to the scheduled exam. If a student misses the scheduled final examination and does not have approval in advance for a rescheduled exam within the final exam week, it is up to the instructor to decide if a make-up examination will be allowed. No special dean’s office permission is required.

In case of conflicting examinations, block examinations take precedence over examinations scheduled by class meeting time and higher enrollment classes take precedence over lower enrollment classes. In the case of conflicts that cannot be otherwise resolved, the class meeting earlier by day and time takes precedence over a class meeting later.

Exceptions to the Examination Policy for an Undergraduate Class

No instructor of an undergraduate class may give a final examination at a time other than that which appears on the web site of the Office of the University Registrar unless they are utilizing the University Assessment Center. Instructors who do not utilize the assessment center and need to deviate from the published exam schedule must obtain prior approval from the Undergraduate Policy Committee. Such approval must be requested, in writing, at least three weeks prior to the scheduled final exam. To reschedule a final examination without such approval places the instructor in jeopardy of administrative reprimand by his/her dean and the Vice-President for Academic Affairs.

Undergraduate Distance Learning Exams

If the instructor of an online class requires a final exam, the instructor shall have the prerogative to set the window during which a final exam is administered provided that the window is within the University’s official final exam period. A final exam window must be disclosed in the class syllabus. Rescheduled final examinations are permitted for an undergraduate student when justified by illness, official documented accommodations on record with the Student Disability Resource Center, conflicting examinations, three or more examinations in a twenty-four-hour period, or for certain emergencies. It is the student’s responsibility to identify if a conflict exists and to immediately make arrangements with the instructor to take the exam at an alternate time during the University’s official final exam period. If a student has such conflicts, the final exams of the student’s non-online classes shall have priority and the time of the online exam will be the first exam subject to adjustment. If such agreement cannot be achieved between the student and the instructor, then the academic deans of the units housing the various classes will consult to achieve agreement.

This explanation is intended only to clarify the existing University exam policy for online classes and all provisions of the University exam policy that do not conflict with what is stated above remain in effect.
**FALL 2024 ENROLLMENT APPOINTMENTS**

* Be aware that these ranges do not reflect hours for the current semester (Spring 2024).
** Summer B new admits are undergraduate students admitted for the first time to the University.
*** New Graduates are students admitted for the first time into a new graduate program.
† All students who are eligible for priority registration are assigned the first appointment window of each registration cycle for a future term. The following groups are automatically assigned priority registration: veterans and dependents using VA benefits, honors, degree in three, and students with disabilities.
†† Panama City Campus students will be able to continue to register for Fall 2024 classes from May 11, 2024, through August 29, 2024.

**International Program (IP) Sessions**

International Programs offers an array of courses around the world. Unique sessions are used to designate courses offered through the International Programs Office. Students interested in Study Abroad should contact the International Programs Office. In some cases, these courses are offered in affiliation with international institutions and are subject to unique calendar dates. Unique “IP” sessions have been created so courses align with the institution and program dates. Key dates such as registration, first week of classes, drop/add, seventh week deadlines, etc., will be prorated according to the length of the session. These dates are different than International Program start and end dates. Students participating in the International Programs should check with that office about specific dates, registration appointments and fees, deadlines, or restrictions that might apply. Students must be admitted to an International Program in order to register for IP classes.

**Veterans Priority Registration**

Active-military students, student veterans, and military/veteran dependents using federal benefits are eligible for priority registration, which allows these students to register for future-semester courses during the first selection window of each course-registration cycle. However, each of these students must first be coded as receiving federal benefits before they are eligible for priority registration and should contact the Student Veterans Center at (850) 644-9562 or veteran@admin.fsu.edu to make sure they are properly coded. After registering for their courses, each of these students must submit the university’s online Request for Benefits form in order to have their benefit-certification documents submitted within the required timeframe.

**Eligibility**

To remind and prompt students to initiate their required graduation check, staff in the Registrar’s Office will place a hold on student accounts that either 1) total 90 credit-hours between a combination of earned and currently-in-progress coursework, OR 2) show the student is two terms away from their planned graduation date. This hold is removed after the student follows up with their college(s).
Registration Responsibility: Students Accept Both Fee and Grade Liability by Registering

To cancel registration, a student must drop all of his or her classes via https://my.fsu.edu before the first day of classes or must send an e-mail from his or her official myFSU account to registrar@fsu.edu no later than the fourth day of classes. FSU Panama City, FL students should e-mail registrar@pc.fsu.edu.

Students should be dropped from classes for non-attendance of the first class meeting. However, students are responsible for verifying that their schedule is correct by 11:59 p.m. on the fourth day of classes.

Students are fee liable for all courses on their schedule after the fourth day. The University may cancel registration for non-payment of fees.

Undergraduate Studies students and first-time transfer students must see their academic advisors for assistance with their course selection prior to registration. New students may be required to register for preparatory mathematics and/or English composition courses to complete registration.

Students are responsible for meeting prerequisites and co-requisites for each course in which they are enrolled. Students who do not meet course prerequisites or co-requisites may be dropped by the academic department. If a student makes changes to his/her schedule without the advisement of an academic advisor, those classes remain the student’s responsibility.

Students may attend and receive credit only for those courses in which they are properly registered. Likewise, students will be held responsible for every course for which they register unless they officially drop the course or cancel registration. Those students who register during late registration (normally the first four days of classes) will be assessed a $100.00 late-registration fee.

For account status and fee payments visit http://www.fees.fsu.edu.

Prior to Registration

- Establish your FSU identity by activating your FSUID and obtaining your FSUCard (https://fsucard.fsu.edu/your-fsucard) before preparing for registration. For further details, see the “Types of FSU Identification and Contact Information” section of this chapter below.
- Log into http://my.fsu.edu to check for any checklists, stops, or holds. Be sure to click through the details of each hold to review the contact information and instructions provided there. Contact your departmental office for any clearances or class authorizations you may need.
- Prior to registration, all undergraduate students are expected to access their Academic Requirements Report or Schedule Planner’s “Undergraduate Degree Progress” tool to review any remaining degree and major requirements.
- Health compliance requirements are found at https://uhs.fsu.edu. The student’s immunization record may be used to show proof of immunizations. Students may also turn in records from their health care provider. Students under the age of 18 must have a parent’s or guardian’s signature on the student immunization record authorizing care at the Wellness Center before the student can be treated. Health insurance compliance can only be completed online at http://studentinsurance.fsu.edu. Healthcare Compliance gives step-by-step instructions for completing this requirement.

Note: First-time students may be required to register for preparatory math and/or English classes to complete registration.

Undergraduate Academic Advisement

All degree-seeking students are expected to participate in academic advising before registering for classes each semester. Students should check their FSU email regularly, as that is the main mode of communication advisors use to contact their students. It is the student’s responsibility to ensure that s/he has met prerequisites or corequisites for each class in which s/he is enrolled. Further, any changes a student makes to his/her schedule without the advisement of an academic advisor is the student’s responsibility. All permits such as underloads, overloads (see the “Student Course Load” section of this chapter), graduate class requests while an undergraduate, DIS, modified credit, and S/U grading should be discussed with an academic advisor. All such permits must then be approved by the student’s academic dean. The student is responsible for ensuring that the Office of the University Registrar has copies of these permits on file.

Health Requirements

Health-Insurance

All full-time students at Florida State University must show proof of health insurance. Additionally, all non-United States citizens in F or J status, regardless of their credit load, are required to show proof of health insurance as a condition of their admission to the University. You may elect the student health insurance plan or waive the insurance requirement by providing proof of comparable coverage through the student-insurance website at http://studentinsurance.fsu.edu. When the insurance waiver is successfully completed, it remains in effect for three semesters. Students who purchase semester-only policies will be required to elect or waive the requirement at the end of the semester in which their policy expires.

If no action is taken, the student will automatically be enrolled in the Student Health Insurance Policy and the premium will be added to their student account.

Students seeking degrees in majors where they are exposed to hazards associated with the major are required to carry health and accident insurance prior to registration every Fall.

The insurance purchase clears the student for the length of the coverage purchased. You can purchase insurance for annual coverage, for Fall-term only, or for the Spring/Summer terms. No Spring-only coverage option is offered. Summer-only coverage is offered for full-time students taking classes during the Summer term.

Immunization

The State Board of Education requires all entering students born on or after 1/1/1957 to complete Florida State University’s Student Immunization Record and show documented proof of immunization against measles (rubeola), German measles (rubella), and mumps prior to registration.

College-age individuals living in residence halls, shared apartments, and other group housing are at an increased risk for developing meningococcal meningitis and hepatitis B—serious infections that can have devastating consequences. State of Florida law mandates that all University students be informed of the risks of infection. Students currently enrolled must either be vaccinated against meningococcal meningitis and hepatitis B or sign a waiver stating that they have declined to receive the vaccine.
All students are required to show proof of two MMRs, meningococcal meningitis, and hepatitis B vaccinations before they are permitted to register for classes. Information about these vaccinations may be obtained at University Health Services or online at https://studentinsurance.fsu.edu under the Immunization Requirements tab.

All students are required to complete and submit the Student Immunization Record to University Health Services before registration. Students born before 1/1/1957 must complete the form and decline the meningococcal meningitis and hepatitis B vaccines. The form with its specific instructions is available at http://studentinsurance.fsu.edu. Please call (850) 644-3608 if you need assistance.

Health Insurance Questions

Questions about basic health insurance coverage or purchasing school-sponsored health insurance can be addressed to the Health Compliance Office at healthcompliance@fsu.edu or (850) 644-3608. Questions about specific benefits included in the school-sponsored health insurance should be addressed directly to United HealthCare Student Resources, the University’s health insurance carrier, at (800) 767-0700. Billing questions for services rendered at University Health Services should be addressed to the billing office at (850) 644-5453. The plan brochures and summaries of coverage and benefits for the student health plans are posted on the United HealthCare website (http://uhcsr.com/fsu). The student health plan does not cover participation in intercollegiate athletics. Contact the FSU Athletics department at (850) 645-2700 for more information for insurance for athletes. The student health plan does cover cheerleaders and members of the Golden Girls as sports club members.

Students insured by other carriers should contact their carriers for policy limitations and special requirements.

The Registration Process

Step 1: Prepare for Registration

• Ensure that you have completed all the items listed under the “Prior to Registration” section above.

Step 2: Prepare for Registration

• If you are an undergraduate student, review your degree requirements using the Academic Requirements Report or Schedule Planner’s “Undergraduate Degree Progress” tool. Contact your advisor if you have any questions about your degree requirements. Students are also encouraged to use the “Schedule Assistant” tool. This tool allows you to find, view, and select from a variety of schedule options. Alternatively, you use the Class Search feature, too. Information on how to use Undergraduate Degree Progress Schedule Assistant, and Class Search tools can be found in the “How-To Videos” tile of your FSU Student Homepage.

• Consult the General Bulletin or Graduate Bulletin to check if a class requires a laboratory or has pre- or co-requisites that you must complete prior to enrolling in the class. The system does not check for these requirements; students are responsible for ensuring they have completed all the necessary labs/requisites before enrolling in classes with these requirements.

• Search for alternate classes as well.

• Make sure you have met the immunization- and health-insurance compliance requirements noted above.

Step 3: Register through the myFSU Portal

• You can use the myFSU portal to register for, drop, or add classes at any time during the enrollment appointment assigned to you. Your enrollment appointment is determined by the number of credit hours you have earned toward graduation. You cannot register after the ending date of your assigned enrollment appointment.

• Be prepared to request non-primetime class sections to complete your schedule. Be persistent; the effort you spend during registration will save you a great deal of time and effort during the drop/add period.

• The system does not allow you to register for more than 18-credit hours. Your academic dean can provide overload authorization. To register for overload hours, you must go to the Office of the University Registrar. See the “Student Course Load” section of this chapter below.

• The system allows you to register for an underload, but you still must obtain authorization from your academic dean. Remember, if you register for an underload as a domestic student, you may request exemption from the health-insurance requirement from the Health Compliance Office.

Step 4: Pay Tuition

• Tuition must be paid by the posted deadline at https://studentbusiness.fsu.edu. Visit http://my.fsu.edu for account status and fee-payment options.

Registration by Student Categories

Veterans Priority Registration

Active-military students, student veterans, and military/veteran dependents using federal benefits are eligible for priority registration, which allows these students to register for future-semester class during the first selection window of each class-registration cycle. However, each of these students must first be coded as receiving federal benefits before they are eligible for priority registration and should contact the Student Veterans Center at (850) 644-9562 or veteran@admin.fsu.edu to make sure they are properly coded. After registering for their classes, each of these students must submit the university’s online Request for Benefits form to have their benefit-certification documents submitted within the required timeframe.

Registration of Non-Degree Seeking Students

All non-degree-seeking undergraduate students may register for up to 18-credit hours; enrollment beyond this limit may be subject to approval by the Registrar. All registration by non-degree-seeking students is on a space-available basis. Because of excessive demand for some undergraduate and graduate classes, non-degree-seeking students may be enrolled in such classes only with the permission of the unit.

Non-Degree-Seeking Student Regulations

The Office of the University Registrar serves as the academic dean for all non-degree-seeking students. Academic rules governing regular students (e.g., fees, drop/add, withdrawal, grading policies) also apply to non-degree-seeking students with the following exceptions:
1. Non-degree-seeking students may enroll for fewer than 12-credit hours (underload) and up to 18-credit hours without permission.
2. Non-degree-seeking students may register for any class or classes on an S/U basis.
3. Non-degree-seeking students selecting classes for enrichment or other reasons where grades are not essential are advised to register on an S/U basis or on an audit basis.

Consult the “Academic Regulations and Procedures” chapter of the Graduate Bulletin for policies relating to non-degree-seeking student status at the graduate level.

Fall- and Spring-Term Course Loads

Florida State University regards 14- to 15-credit hours as a normal, full-time course load. Students who carry fewer than 12-credit hours are not considered to be full-time students. Students should also consider the University requirement to complete nine-credit hours during summer sessions when calculating their pace to degree completion. A student who maintains below a 12-credit hour course load will not graduate in four academic years unless a total of 24-credit hours is taken during summer sessions.

A course load of more than 18-credit hours or less than 12-credit hours must be approved by the academic dean, and in no case may a student register for or receive credit for more than 21-credit hours. A student on academic probation must enroll for no fewer than 12-credit hours and no more than 15 letter-graded credit hours. Non-degree-seeking students are not required to obtain an underload permit.

International undergraduate students must enroll in at least 12-credit hours during each of the fall and spring semesters to maintain legal immigration status. An international student advisor may authorize a reduced course load in certain circumstances. Students who want to enroll in a reduced course load for a given term must submit a request for authorization to an advisor at the Center for Global Engagement before the end of the drop/add period for that semester. An unauthorized reduction in course load may result in serious immigration consequences. For a complete definition of the full course of study for immigration purposes, and to access the reduced course load information and request forms, please refer to https://cge.fsu.edu.

For graduate students, the minimum number of hours allowed is 9-credit hours per term and the maximum is 15-credit hours per term. See the Graduate Bulletin for policies regarding course loads for graduate students.

Drop/Add or Changes of Schedule

During the drop/add period, students can add or drop individual classes, or they may change one class section for another. Students are financially liable for all classes appearing on their schedule after the drop/add period. Adding classes after drop/add may require the academic dean’s approval. For term-specific drop/add dates, refer to the “Academic Calendar” chapter of this Registration Guide. Classes dropped during this period do not appear on the student’s transcript.

Individual classes may be dropped through the seventh week of the term except for mandated college preparatory classes, freshman composition, and classes involved in allegations of academic dishonesty; however, tuition charges will remain. Approval by the student’s academic dean is required to reduce the academic load below 12-credit hours or increase an academic load above 18-credit hours (to a maximum of 21-credit hours). Dean’s approval for an overload or underload must be submitted to the Office of the University Registrar.

A cumulative maximum of two classes may be dropped between the eighth and twelfth weeks of terms wherein the student has yet to earn 60-college-credit hours; tuition charges will remain. A student may drop only one class after earning 60-college-credit hours and until graduation; tuition charges will remain. In addition to classes involved in allegations of academic dishonesty, other classes may be designated by the dean as not subject to this “late-drop” provision. Classes dropped during this period appear on the student’s transcript with the notation “W.” See the “Academic Calendar” chapter of this Registration Guide for the term-specific deadlines.

Except in cases where a student is petitioning to use one of the three drops allowed under the policy above, any late-drop petition after the seventh week of the term (with dates prorated for individual summer sessions), will be considered only in documented, exceptional circumstances that are beyond the student’s control as determined by the student’s academic dean. Class drops approved by the academic deans appear on the student’s transcript with the notation “WD.” Academic deans exercise their administrative and academic judgment in making final determinations about drop eligibility. Class drops are never approved when there are unresolved allegations of academic dishonesty in a class or when a class grade reflects an Academic Honor Policy penalty.

Students who register for classes but who do not attend them receive a grade of “F” if those classes are not officially dropped. Students changing from a previous Bulletin year should consult their academic dean regarding limitations concerning the policy described above.

Note: Students who have a bachelor’s degree and return for a second bachelor’s degree may petition for a late drop within the same term timelines as noted above.

Attendance Policies

Required First Class Meeting Attendance Policy

Attendance at the first class meeting is mandatory unless properly excused by the class’s instructor. University-wide policy requires all students to attend the first class meeting of all classes for which they are registered. Students who do not attend the first class meeting of a class for which they are registered will be dropped from the class by the academic department that offers the class. This policy applies to all levels of classes and to all campuses and study centers. This policy does not apply to any class added after its first official meeting. It remains the student’s responsibility to verify class drops and check that fees are adjusted.

Note: Students who have received some or all their financial aid prior to the end of the drop/add period for a term may be subject to repayment of financial aid if there is a change in their financial aid eligibility. Examples of this may include, but are not limited to, reduction of class load below required levels, cancellation of schedule, failure to meet satisfactory academic progress requirements, and other conditions required to maintain financial aid eligibility.

Required Summer Attendance Policy

All students entering a state university with fewer than 60-credit hours must earn at least nine-credit hours prior to graduation by attending one or more Summer terms at one of the state universities. The University President may waive application of this rule in cases...
of unusual hardship to the student. Students initiate appeal through their academic dean to the Vice President for Faculty Development and Advancement (Board of Governors Rule 6C-6.016). Waiver appeals may be initiated electronically when the student reaches 80-credit hours or more.

**Student Cancellation of Schedule**

To cancel scheduled class enrollment, a student may drop all classes during the first four days of any term/semester (the drop/add period), or in the case of summer term, the first four days of any session, through the online student portal.

Alternatively, students can submit a written request to the Office of the University Registrar (Office of the University Registrar, Florida State University, Room A3900 UCA, 282 Champions Way, P.O. Box 3062480, Tallahassee, FL 32306-2480) or to Withdrawal Services (A4300 University Center Tallahassee, FL 32306; (850) 644-1741). Notification may also be sent from the student's official e-mail account to the Office of the University Registrar at registrar@fsu.edu. Panama City students can email registrar@pc.fsu.edu.

Students who cancel their registration during the official drop/add period are not fee-liable for tuition; if tuition has been paid, such students should request a full refund of fees from the Office of Student Business Services.

Undergraduate and non-degree-seeking students who cancel their registration, and who are not enrolled for the following two terms (non-enrollment for three consecutive terms) must apply for readmission. All graduate, law, and medicine students who cancel their registration and were not enrolled for the preceding semester (non-enrollment for two consecutive terms) must apply for readmission.

**Beyond the drop/add period, a student cannot voluntarily cancel registration** but must apply for withdrawal from the University. Students who must drop all classes after the official drop/add period should contact Withdrawal Services. Panama City students should contact Student Affairs, Barron Building, Panama City, FL 32405; (850) 770-2172.

International students who wish to cancel their registration or withdraw from the term must request and receive prior authorization from a Center for Global Engagement advisor. Additionally, international students should submit the SEVIS Update Form available at http://cge.fsu.edu.

Students who have elected to purchase student health insurance and cancel their schedules must notify the Health Compliance Office at healthcompliance@fsu.edu. Insurance charges are NOT automatically removed from the student’s account when schedules change.

The University may automatically drop students for non-payment of tuition. For more information, see ‘Cancellation of Student Schedules for Non-payment of Tuition and Fees’ in the “Financial Information” chapter of this Registration Guide.

**Note:** Students who have received some or all financial aid prior to the end of a term’s drop/add period may be subject to repayment of financial aid if there is a change in their financial aid eligibility. Examples of this may include, but are not limited to, reduction of course load below required levels, cancellation of schedule, failure to meet satisfactory academic progress requirements, and other conditions required to maintain financial aid eligibility.

---

**Withdrawal from the University**

All students who wish to leave the University during a term must formally withdraw from any classes that remain on their schedule after the end of the drop/add period. Dropping all classes does not constitute formal withdrawal. Students who do not attend classes and fail to withdraw will be assigned a grade of “F” for each class.

A withdrawal cannot be automatically approved; the student must make a formal withdrawal request. Withdrawals are initiated in the withdrawal services section of the Department of Student Support and Transitions located in the University Center. The statement “Withdrew from the University” will appear on the transcripts of students who properly withdraw. Under documented exceptional circumstances beyond the student’s control, as determined by the appropriate academic dean, a student withdrawing from the University may receive “WD” grades in all classes taken that term. Students who petition for a withdrawal under medical or mental health reasons will have a transcript notation of “WD” grades for all classes taken that term. These grading policies also apply to classes taken on a S/U basis.

**Note:** Withdrawals requested after the seventh week of the term (see the academic calendar of the specific term for dates) are grade-liable and will appear on the transcript for all classes. Students are encouraged to discuss their individual circumstances with their academic dean.

Students who cancel their enrollment during the drop/add period are not held liable for tuition and registration fees. Those who have paid are eligible for a full refund. Students who withdraw after the drop/add period, but prior to the end of the fourth week of classes, are eligible for a twenty-five percent refund of tuition and registration fees, less the building and capital improvement fees; this deadline is adjusted for shorter summer-term sessions. Students who withdraw after this deadline are fully liable for fees and are not eligible for a refund except as provided in policies set forth by the State Board of Education and Florida State University.

Students who receive Title IV funds and who decide to cancel their schedule during the drop/add period, or those who withdraw from the University, may be required to repay some or all funds received.

A student wishing to reenter the University in any of the following three terms after withdrawal must have the approval of their academic dean on the ‘Application for Withdrawal and Reentry’ form. Degree-seeking students wishing to reenter the University after three terms (including summer) must apply for readmission to the Office of Admissions; non-degree seeking students must complete the original application process. Formal application must be made to the Office of Admissions by the published deadline. Students who left the University on dismissal must resolve the dismissal and be reinstated by the academic dean before any decision can be made on the readmission application.

International students who wish to withdraw must request and receive prior authorization from a Center for Global Engagement advisor, and submit the SEVIS Update Form. See http://cge.fsu.edu for additional information.

Student-athletes who wish to withdraw must receive prior authorization from Student-Athlete Academic Support.
Student-veterans who wish to withdraw should speak with a staff member at FSU’s Student Veterans Center by calling (850) 644-9562, faxing (850) 645-9868, emailing veteran@fsu.edu, or coming to the campus office located at A4300 University Center. Additional information for Veterans can be found by visiting https://veterans.fsu.edu.

Students who have elected to purchase student health insurance must notify the Health Compliance Office in writing at healthcompliance@fsu.edu of withdrawal from the University. Students withdrawing before the 31st calendar day of the term for which insurance was purchased will receive a full premium refund less any claims paid. Students withdrawing after the 31st calendar day of the term for which insurance was purchased can only request cancellation of the insurance if they are leaving the University to join the military. Otherwise, they have met the attendance requirement to keep the coverage and the charges on their account will be due as posted at Student Business Services.

For all other questions, contact Withdrawal Services at (850) 644-1741.

**Additional Types of Registration**

**Florida Agricultural and Mechanical University–Florida State University Interinstitutional Registration (FAMU–FSU Cooperative Program)**

Under a cooperative arrangement with Florida A&M University, Florida State University students may take courses at FAMU that will count as credit earned at Florida State University. A full-time student at one institution may enroll in one or more classes at the other institution under the following conditions:

- The academic dean of the student’s home university must grant permission.
- Courses offered at Florida State University may not be taken at FAMU. Exceptions may be granted by the student’s academic dean, whose office also determines eligibility based on courses already completed at Florida State University.
- Students taking classes at the host university on a satisfactory/unsatisfactory (S/U) basis will be held to the home institution’s policies regarding the total number of classes allowed on S/U basis or in a specific degree or major. Students are encouraged to consult their academic advisor about any limitations prior to registration.
- The student’s final grade is directly reported to the student’s home university for entering on the student’s transcript. Grades, credits, and quality points are treated as home-institution work.
- All tuition and fees are paid to the home institution.
- Students must maintain a minimum 2.0 cumulative Florida State University GPA to be eligible to participate in the co-op program. Prior to attempting 12-credit hours, students who fail to maintain the 2.0 GPA may consider themselves on probation, although no entry will be placed on their transcript. They may continue to enroll, assuming they meet all other conditions of eligibility. After attempting 12-credit hours, students must meet and maintain the minimum 2.0 cumulative GPA to continue enrolling through the program.

To register, see the FAMU–FSU Cooperative Program representative in the Office of the University Registrar. You may also obtain additional information and forms at http://registrar.fsu.edu/records/services/co_op. For engineering requirements, see the “FAMU–FSU College of Engineering” chapter in the General Bulletin.

Before students can register for classes, they must provide proof of immunization. Immunization compliance requirements are listed at https://uhs.fsu.edu. If the immunization document being submitted is the FAMU immunization form, two copies of the form are required.

**Note:** Faculty and full-time students at either institution have equal access to the library facilities at both institutions.

**Registration by State Employee Tuition Waiver**

Full-time state employees may use the State Employee Tuition Waiver to register for classes at Florida State University on a space-available basis. Registration takes place during the regular registration appointment assigned to each student. FSU accepts only the official State Employee Tuition Waiver Form to process waivers. Individuals using the waiver must be fully admitted degree-seeking or non-degree seeking students. The form is available online at https://studentbusiness.fsu.edu/forms. Agencies may require additional paperwork or forms that will not be accepted at FSU unless accompanied by the State Employee Tuition Waiver Form. State employees using a tuition waiver must obtain supervisor signatures and agency head approval. Forms must be submitted via DocuSign by the tuition payment deadline. State employees using a tuition waiver must complete the registration process and submit the tuition waiver to the Office of Student Business Services.

Registration in classes using the state employee tuition waiver is limited to a space-available basis. Individuals using the state tuition waiver must be fully admitted, degree-seeking or non-degree students. Florida State University does not consider the following to be space-available classes: audited classes, approved undergraduate limited-access programs, remedial classes; dissertation, thesis, and directed individual study (DIS) classes; internship classes; Center for Academic and Professional Development (CAPD) classes; College of Medicine classes; College of Law classes; other one-to-one instruction classes; and all non-state-funded classes (including some distance learning classes that are funded solely by student tuition and fees). As such, state employee tuition waivers may not be used for these classes. Please contact the academic department to inquire about a class’s funding type.

Additional restrictions and deadlines apply. For more information, including the link to download the State Employee Tuition Waiver Form, visit the Student Business Services website at https://studentbusiness.fsu.edu/waivers/state-employee-waiver.

**Registration for FSU Employees**

Employees of Florida State University intending to take Florida State University classes may do so through the FSU Employee Scholarship program. See the Human Resources website at http://www.hr.fsu.edu/index.cfm?page=benefits/benefits_perks/benefits_perks_employee_scholarship for details, restrictions, and deadlines.
Registering for Auditor Seating Privileges

All regularly enrolled students and persons not enrolled in the University are afforded seating privileges after registration on a space-available basis with permission of the instructor, presentation and approval of the appropriate form obtained from the Office of the University Registrar, and payment of the prescribed fee for each class. The Office of the University Registrar serves as the academic dean for all non-degree students, including those individuals enrolling in classes on an audit basis. Since no credit is allowed for attendance via auditor seating privilege, formal admission to the University is not required; however, minimal demographic data must be provided as part of the approval and enrollment process. The class(es) taken will not appear on the student’s permanent record.

Students are cautioned not to pre-register for any class they intend to audit. They will have to drop the class(es) from their official schedule and will incur additional financial liability.

Note: Standard tuition costs apply. All individuals auditing classes may register for up to 18-credit hours; enrollment beyond this limit in a single term is not permitted. Seating-privilege fee-information for citizens 60 years of age or older is found below under “Registration for Floridians over 60 Years of Age.”

Procedures

1. During the first week of classes, obtain the audit approval form online at http://registrar.fsu.edu/forms/audit_registration.pdf, or you may pick up an audit approval form from the Office of the University Registrar.
2. Fill out the form and obtain both the instructor’s approval and clearance from University Health Services.
3. Return the approved form to the Office of the University Registrar for final approval and class registration. Registration must be completed to attend a class.
4. Pay fees during the fee payment period at A1500 University Center. No waivers or deferments may be used by anyone under 60 years of age.
5. Present the form to your instructor at the next class meeting.

Note: If you have already registered for the class you wish to audit, you must drop it within the drop/add period before the audit request can be processed. For the policy for audited-class refunds please refer to the “Financial Information” chapter of this Registration Guide.

Registration for Floridians over 60 Years of Age

All fees are waived for persons sixty years of age or older who are Florida residents and who attend credit classes. Under this tuition-free option, registration is allowed on a space-available, audit-basis only and does not include thesis, dissertation, applied music classes, or other classes requiring individual instruction. No credit will be given, and no permanent record will be maintained. Audit forms are available online or from the Office of the University Registrar. Proof of age and Florida residency must be presented to the Office of the University Registrar to validate audit-waiver eligibility.

Grade Reports

Term grades are reported via the myFSU portal at https://my.fsu.edu through the My Courses portlet. Grade changes processed after the initial grade posting will not display and may be viewed on the unofficial transcript.

Graduation

Students must complete both a university academic progress check (with the Office of the University Registrar) and a college academic progress check (with their college[s]) at the time the student has earned 90-credit hours, or is two terms prior to their planned graduation date. Students will receive holds on their account prompting them to request a university academic progress check from the Office of the University Registrar and an academic progress check from their college(s). Graduate students should check with their department regarding degree requirements.

Application for graduation must be made by the published deadline; students can apply online through the myFSU portal. Students who graduate in Fall 2023 must apply for and be readmitted to register for Spring 2024 or any subsequent term. Likewise, students who graduate in Spring 2024 must apply for and be readmitted to register for Summer 2023 or any subsequent term.

Types of FSU Identification and Contact Information

The Florida State University EMPLID

To better protect the identity of individuals within our campus community, Florida State University creates a unique nine-digit number identifier for each student and employee called the EMPLID. You can find your EMPLID by logging in at http://my.fsu.edu. It is displayed in My Info.

The FSUCard

The FSUCard is your official University identification card and is used across campus for all things FSU. It serves as a primary form of University Identification and should be always kept with you. Keep your FSUCard safe—don’t share your FSUCard information with others. Think of it as your license for campus life.

The FSUCard grants access to University libraries; residence halls; buses and other transportation services; campus recreation facilities; the testing center; and other campus and athletic events.

There is no charge for your initial card. However, if you lose or damage the card, the FSUCard Center will replace it for a fee. An FSUCard semi-annual fee of $5.00 applies to students each Fall and Spring semester. For more information, please visit https://fsucard.fsu.edu. You may also visit the FSUCard Center 8:00 a.m. to 5:00 p.m., Monday through Friday, call (850) 644-7777, or email fsucard@fsu.edu.

FSUCash

FSUCash holders automatically receive an FSUCash account. FSUCash is an on-campus “pocket change” account, offering a convenient payment option for on-campus services and use at Seminole
Dining locations, the FSU Bookstore, the UPS Store, and more. FSUCash is the only payment accepted at the FSU Testing Center, residential hall laundry, and copy/print services.

FSUCash rolls over from semester to semester and year to year. However, after 12 months of inactivity, a monthly deduction will be taken from the FSUCash account. This fee will not result in a negative balance or affect the card’s other functions. To avoid the automatic deduction, a purchase or deposit must be made within a 12-month timeframe. FSUCash refunds are available upon request by emailing fsucard@fsu.edu.

Current FSUCash balances can be checked using http://my.fsu.edu, or by downloading the eAccounts mobile app. For more information, please visit https://fsucard.fsu.edu. You may also visit the FSUCard Center 8:00 a.m. to 5:00 p.m., Monday through Friday, call (850) 644-7777, or email fsucard@fsu.edu.

Your FSUCard Is Your Library Card

You must present your FSUCard to enter and exit campus libraries, so make sure to always have it on hand. From borrowing books and equipment to reserving study rooms, your FSUCard does everything a regular library card does, and more. For more information, visit https://lib.fsu.edu.

Note: Students age 60 and older who are registered for tuition-free classes at Florida State University may obtain a library card by presenting proof of enrollment and identification to the staff at Strozier Library.

Official Email Accounts for All Students at Florida State University

The official method of communication at Florida State University is your FSU email account. To stay informed and aware, you are required to set up and maintain your account and check it regularly. If you choose to have your FSU official account forwarded to another email account, you are still held responsible for all information distributed by the University to your FSU account.

Florida State University’s Information Technology Services offers a suite of email and online collaboration services for students, which includes:

- Cloud-based mailbox
- Digital calendar and contacts
- Mobile access to FSU email via Outlook app
- Integration with Microsoft 365 applications, including Word, Excel, PowerPoint, and OneNote
- Access to Microsoft 365 services, including OneDrive, SharePoint, and Teams

For more information, visit its.fsu.edu/services/fsu-email.

Questions regarding FSU email accounts can be answered by contacting the ITS Service Desk at 850-644-4357 or its.fsu.edu/help.

Student Communications and Records—Privacy and Access

IMPORTANT: Please refer to the “University Notices” section of this Registration Guide for full details regarding:

- The Family Educational Rights and Privacy Act (FERPA),
- release of student information, and
- requesting that directory information not be published.

Phone Monitoring

Students should be aware that phone calls placed to Florida State University’s interactive telephone network may be periodically monitored to ensure that the appropriate quality control is maintained.

Parental or Third-Party Access to Records

Students may give a designated parent(s)/guardian(s), or other third parties (i.e., sibling, spouse, etc.), authority to review their University financial status, grades, transcript, student profile. Granting access to a parent/guardian or third party to view information in this manner also authorizes University personnel to discuss those records with the designated individual(s). Students should be aware that any individuals granted such access may see the selected student’s academic records, including but not limited to preferred name, gender identity, personal pronouns, classes, grades, billings, etc.

Enrollment Verification

Student enrollment verification is granted only through the submission of an official request. Students who require enrollment verification should visit https://registrar.fsu.edu/records/certification for further instructions. Former students or outside agencies may request an enrollment verification or degree verification online from the National Student Clearinghouse at https://nscverifications.org/welcome-to-verification-services.

Community Service

The Center for Leadership & Service

The Center for Leadership & Service transforms lives through leadership education, community service, and self-exploration, helping students develop skills and knowledge to become more effective leaders and engage responsibly with communities. The center offers more than 20 programs that foster opportunities to create positive, sustainable change on campus, in our communities, and around the world. Leadership LOGIC, Florida State Alternative Breaks, PeaceJam Southeast, Engage TLH service trips, and civic engagement initiatives are just a few examples of the opportunities offered for any schedule, ranging from low commitment (one to a few hours) to high commitment (a term, year, or four years).

Students are welcome to schedule a meeting with a staff member to learn more about programs and opportunities by visiting our office or the “Get Involved” section of our website at https://thecenter.fsu.edu. The center also offers the ServScript Program, which allows Florida State University students to enhance their official academic transcript by documenting their service hours.

For more information, contact the Center for Leadership & Service, Division of Student Affairs, Dunlap Student Success Center, 100 S. Woodward Avenue, Tallahassee, FL 32306; (850) 644-3342; Fax: (850) 644-3362; Website: https://thecenter.fsu.edu; e-mail: the-center@fsu.edu.

ServScript Program

The Center for Leadership & Service offers the ServScript Program to formally recognize students’ demonstrated commitment to community service. This commitment is documented through the description of students’ community service hours on their official FSU academic transcript. Transcripts are student records of scholarly achievement;
as such, the ServScript program has created guidelines to clarify and recognize community service of consistent quality. To qualify for the ServScript Program, service hours cannot be court ordered or sanctioned, must be unpaid, and must benefit or contribute to the solution of a community need.

The ServScript Program is designed to encourage students to contribute their skills and resources to serve others. Through informed service, students gain compassion for others and the challenges they face. Recognizing these challenges and the power of individual action to effect change, students may develop a commitment to practice civic responsibility throughout their lives.

To participate in the ServScript Program, students must log their service hours through the myFSU portal. Service hours are only accepted for the current term and must be entered online by the deadline, which is the last day of the term. Detailed submission guidelines and additional information about the program are available online at http://thecenter.fsu.edu/servscript.

Cooperative Education Fees

Students enrolled in a cooperative education course with zero semester hours will be charged for one semester hour of Florida Resident undergraduate work, unless also enrolled in other credit courses at Florida State University during the same academic term.

Graduate Examination Fees

Students registering for zero semester hours for master’s comprehensive examination, master’s thesis defense, or dissertation defense, will be charged for one Florida Resident graduate semester hour, unless also enrolled in other credit courses at Florida State University during the same academic term.

When registering for a zero-credit hour course only, the student will be charged for one semester hour at the Florida Resident tuition-rate of the course level.

Repeat Course Surcharge

Section 1009.285, Florida Statutes, mandates that each student attempting the same non-repeatable undergraduate course more than twice shall be assessed an additional per credit hour surcharge beginning with the third attempt. Attempted hours include those hours dropped or withdrawn which are fee liable. Undergraduate level courses are numbered 1000 to 4000.

Effective Fall 2023 semester, the repeat course surcharge is $204.65 per credit hour.

For a list of exceptions to this policy, please consult the “Financial Information” chapter of the General Bulletin.
Excess Credit Hour Surcharge

Section 1009.286, Florida Statutes, mandates that each student shall be assessed an additional per credit hour charge for each hour in excess of the total number of credit hours required to complete the baccalaureate degree. This law is in effect for students who began college at any institution during the Fall 2009 semester or later.

For more information, visit https://registrar.fsu.edu/records/excess_hours.

Fee Payment Regulations

Students who enroll must pay fees and tuition in full by the tuition and fees payment deadline. Students who fail to pay tuition in full by the fee payment deadline will be assessed a late payment fee of $100.00 and may have their schedule cancelled. All waivers, vouchers, Intern Participation Certificates, agency billings, and department billings for all students, including those receiving financial aid, must be submitted no later than the fifth day of the semester or session. You may pay by credit cards, international wire, and e-checks (online only) at http://fees.fsu.edu. Cards accepted online include American Express, Discover, MasterCard, and Visa. There is a 2.75% non-refundable scaling fee to cover the cost of providing this online payment service. Classes added after the drop/add deadline must be paid for within five calendar days.

The basic Florida Prepaid College Program does not pay the full amount of tuition owed to the University, nor do Intern Participation Certificates. Students must pay the remaining balance due by the posted tuition payment deadline.

You may obtain financial status information on the Web at https://my.fsu.edu (from the myFSU Portal click Student Central, My Bill).

Paying Your Tuition and Other Fees

You may pay online at http://fees.fsu.edu or https://my.fsu.edu (from the myFSU Portal click Student Central, My Bill, Make a Payment).

Student parking permits are issued online at http://transportation.fsu.edu.

Students who fail to register for classes before the first day of class will be assessed a $100.00 late registration fee. Students may be assessed a $100.00 fee for late payment for tuition that is not paid by the payment deadline.

Internet Payments Seven Days a Week

Florida State University accepts credit cards online only. Make your online payment at http://fees.fsu.edu. The following payment types may be used online: E-checks, American Express, Discover, MasterCard, Visa.

There is a 2.75% non-refundable scaling fee for credit card transactions. Online transactions using an e-check will not be assessed a service fee. Returned payments will be assessed the same fees as paper checks.

Late Registration & Fee Payment Waivers

Requests for waiver of the $100.00 Late Registration and/or Late Payment Fee may be submitted online to the Office of Student Business Services by visiting https://studentbusiness.fsu.edu/forms and submitting the appropriate late fee appeal form after payment of past due fees.

Waivers may be granted in situations involving administrative error or unusual circumstances beyond the control of the student. Students will be required to present written documentation of the circumstances involved.

Note: Lack of awareness of the deadlines or lack of funds are not valid reasons to waive the late payment fee or late registration fee.

Refund of Fees

Students who drop a course without fee liability after their tuition and fees are paid, due to documented extenuating circumstances or administrative error, may be eligible for a tuition refund. Any outstanding charges owed to the University will be deducted, and the balance will be issued as a refund. Refunds requested during the fiscal year close-out, during the last two weeks of June, will not be processed until the first week of July. The refund will be processed as a credit to the student’s bank account for currently enrolled students. However, payments made by credit card will be refunded to the credit card.

Students who withdraw after the fourth day of the semester/term, but prior to the end of the fourth week of the semester (or for Summer sessions, by the first twenty-five percent of the term) are eligible for a twenty-five percent refund of tuition and fees. After this period, students who withdraw are held fully liable for fees. Students who withdraw and have received federal financial aid (Title IV programs) or state aid may be required to repay to the aid source the amount of unearned financial-aid funds disbursed to them as of their withdrawal date as described in the section below on “Withdrawals and Return of Financial Aid.” In the case where a withdrawal petition is approved, a refund can be provided only if the refund withdrawal request is submitted within six months after the end of the semester in which the withdrawal occurred.

Note: The following fees are non-refundable: Web payment credit card processing fees, admission deposit, application fee, FSUCard, and other fees as specified by certain schools or departments.

Financial Aid

Fees and Financial Aid Students

Financial Aid Payments & Refunds: At disbursement the University first applies financial aid payments towards tuition and housing charges (and toward other charges as allowed) before issuing refunds. Disbursement begins on the published disbursement dates and continues through the semester. For more information and upcoming dates, visit http://studentbusiness.fsu.edu. To receive your aid, you must comply with Financial Aid terms and conditions located at https://financialaid.fsu.edu/terms-and-conditions. You must also confirm that your financial aid file is complete prior to disbursement by checking your status and clearing any holds or to-do list items at https://my.fsu.edu. Financial aid refunds are sent by Electronic Funds Transfer (EFT) to any US-based bank account, so students must designate a refund.
bank account and enroll in direct deposit to receive a refund of excess Financial Aid or a refund of financial aid that cannot be applied to University charges. Additionally, the University must receive written permission to apply federal financial aid to charges other than tuition, dining, books, and housing. Federal aid cannot be applied to excess-hours fees. For instructions on how to provide that permission, or for direct deposit enrollment instructions, see http://studentbusiness.fsu.edu/direct-deposit.

If you have any questions, please call the Office of Student Business Services at (850) 644-9452. For financial aid questions, please contact (850) 644-0539.

**Deadline:** If the financial aid payment is not sufficient (or allowed) to cover all charges, or if a student’s schedule, university bill, or financial aid offer changes after application of financial aid, then the student is responsible for paying the balance by the tuition payment deadline, (see the “Academic Calendar” in this *Registration Guide*). After this date, a $100.00 late payment fee is assessed and grades will be held at the end of the semester until fees are paid in full.

**Note:** Financial Aid students who are having their tuition paid by an agency, department billing, or Florida Prepaid College Program should submit the required documents no later than the fifth day of the semester (see the “Academic Calendar” in this *Registration Guide*). The basic Florida Prepaid College Program does not pay the full amount of tuition owed to the University, nor do Intern Participation Certificates. Students must pay the remaining balance due by the posted payment due date.

**Deferments:** Financial aid deferments may be granted to students whose aid is not available by the published tuition deadline. Not having applied for financial aid is not a valid reason for applying for a deferment. The deadline to request a deferment is the tuition payment deadline. When deferments expire, students must pay their unpaid tuition balance in full or receive a late fee after the deadline. If tuition is not paid, students will not be able to register for future classes or receive a delayed delivery loan, grades, or transcripts. Students must confirm that their financial aid has arrived and that all requirements have been met by the deferment expiration date. Go to https://my.fsu.edu (from the myFSU Portal click Student Central, My Bill) you then will see your courses and fees detailed. With your temporary deferment, your total balance due may show “$0” for the “Current Term Tuition.” When your financial aid arrives, the screen will show how much has been paid toward your tuition. You must ensure your financial aid pays your tuition by the deferment deadline, or you may be assessed a late payment fee of $100.00. You may check your financial aid status at http://www.my.fsu.edu. For questions, please contact the Office of Financial Aid at financialaid@fsu.edu or (850) 644-0539.

**Withdrawals and Return of Financial Aid**

Per federal regulation (34 CFR 668.22), students who withdraw and have received financial aid will be required to repay to the program sources the amount of unearned financial aid funds disbursed to them as of their withdrawal date. The unearned amount of program funding is calculated based on the last date of academic activity which indicates the percentage of the semester completed.

Both the University and students receiving financial aid are required to return unearned financial aid to the aid source. Title IV aid programs are repaid in the following order: Unsubsidized Federal Stafford/Direct Loans, Subsidized Federal Stafford/Direct Loans, Federal PLUS/Direct PLUS Loans, Federal Pell Grants, FSEOG Program Aid, and Teach Grants.

The University is required to return the unearned portion of the financial aid funds it received from withdrawing students that was used to pay institutional charges such as tuition, fees, housing, and other education-related expenses assessed by the institution. The funds returned to the aid source by the University will be credited against the students’ total liability of unearned funds. However, the student will owe the University the amount returned to the aid source for institutional charges. In addition, any student who receives Title IV funds who does not receive at least one passing grade (either a Satisfactory, or any grade above an “F”) for the semester in which they receive those funds and does not officially withdraw from the University prior to the end of that semester, is considered an unofficial withdrawal according to Title IV federal regulations. The University is required to return unearned financial aid to the federal government for all unofficial withdrawals in the same manner as students who withdraw officially.

Students who owe grant and/or loan overpayments remain eligible for Title IV program funds for forty-five days, if, during those forty-five days the student: 1) repays the overpayment in full to the University; 2) enters into a repayment agreement with the University; or 3) enters into a repayment agreement with the Department of Education. Entering into a repayment agreement does not mean the student is eligible to register for additional classes, receive a transcript, diploma, etc. Students can lose financial aid eligibility if they do not comply with the options above and should consider their repayment responsibilities for these programs as part of any withdrawal decision. Please contact the Office of Financial Aid for the most current restrictions on eligibility.

**Bright Futures Repayment Requirement**

For the 2024–2025 academic year, the Bright Futures Academic Scholars and the Bright Futures Medallion Scholarship award amounts are set by the Florida Legislature and may be adjusted each legislative session. Currently, at Florida State, the Bright Futures Academic Scholars scholarship is awarded based on a rate of $213.55 per credit hour and the Bright Futures Medallion scholarship is awarded based on a rate of $160.16 per credit hour. In each instance, additional fees such as Lab fees, Auxiliary fees, Excess Hour fees, and Student Facility Use fees are not included.

Florida Statutes require that students who drop or withdraw from any course(s) repay any Florida Bright Futures Scholarship disbursed for the course(s). Section 1009.53, Florida Statutes states that funds for any scholarship within the Florida Bright Futures Scholarship Program may not be used to pay for courses dropped by a student or courses from which a student has withdrawn after the end of the drop and add period. However, a student who receives an award under this program and subsequently drops one or more courses or withdraws from all courses after the end of the drop and add period due to a verifiable illness or other documented emergency may be granted an exception pursuant to s. 1009.40(1)(b)4 unless the institution’s policy is to refund the cost of the courses.

**Loan Exit Interviews**

Federal and University regulations require that all recipients of federal loans participate in an exit interview counseling session upon graduation, withdrawal from the University, or dropping below six credits. These loans include: Subsidized Stafford (GSL), and Unsubsidized Stafford (UGSL) loans. Counseling sessions can be
Policy on Refunds for Audited Courses

Refunds may be granted for courses in which a student has requested permission to audit and subsequently rescinds this request before the fourth day of class. Verification that the audit request has been discontinued must be received in writing by the University Registrar before the fourth day of class. After this period, no refunds will be authorized unless exceptional circumstances are documented in writing and approved by the University Refund Committee.

Note: The Refund Appeal Form must be submitted to the Office of the University Registrar and requests to withdraw must be submitted to Withdrawal services within six months from the end of the term from which the student is withdrawing or appealing a refund.

Delinquent Accounts

Delinquent University accounts are subject to holds against class registration and diploma orders. Outstanding debt totaling $500.00 or more, including delinquent current semester tuition, will prevent class registration and access to diplomas until the delinquent balance is brought below $500.00. Payment should be made online via credit card, international wire, or e-check. Financial aid granted for use in an upcoming semester may not be used to pay current debt. Delinquent accounts are referred to a collection agency if fees are not paid in full, and collection costs are added to your outstanding balance.

Dishonored Checks or Electronic Payments

Return Check Charge/Stop Payment Charge: $25.00 or five percent of the amount of the check, whichever is greater (subject to change) will be assessed to the student’s account. A returned check/stop payment charge is assessed against a student’s account that has a check or electronic authorization for payment returned by the bank to Florida State University. Florida State University automatically submits all personal checks twice for payment if the check was returned once for non-sufficient or uncollected funds. This is an automated process and the second submission cannot be stopped; there is no charge, however, assessed by Florida State University for this second submission. Repayment of returned checks must be made with a credit card online, money order, or cashier’s check.

Returned check charges are assessed for all personal checks written and electronic payments authorized for tuition, fees, or any services provided by the University that are returned to Florida State University for non-sufficient funds, uncollected funds, closed accounts, stop payments, etc., placed on checks. In addition to the returned check charge, if the initial payment is for tuition and redemption of the returned check is not made prior to the tuition payment deadline, a $100.00 late payment fee is assessed to tuition. Florida State University places a hold on accepting any personal checks or electronic payment authorizations on the student’s account for ninety days after redemption for any services, tuition, or fees that are owed to the University if a personal check or electronic payment authorization is returned. If a second check or electronic payment is returned, or if a stop payment is placed on it, the student will be permanently listed on all departments’ ACCEPT CASH ONLY list and no personal checks or electronic payment will be accepted from anyone on the student’s account from that day forward.

Notification will be given to the student by mail to the address on the check or to the last maintained address in Florida State University’s records. After notification that a check has been returned, redemption (including the service charge) must be made within fifteen days. Florida State University forwards all returned payments to the State Attorney’s Office for redemption and prosecution after collection efforts are exhausted. After a returned payment is forwarded to the State Attorney’s Office, restitution of the check will not prevent prosecution. Reference Florida Statutes Title XLVI Chapter 832; Crimes - Violations Involving Checks and Drafts; 832.07.

Cancellation of Student Schedules for Non-Payment of Tuition and Fees

Students are expected to pay all tuition and fees by the published deadline each semester. In accordance with FSU Regulation-5.081 Tuition, Fees, Payment, students who do not pay tuition and fees or make arrangements to pay tuition and fees by the end of the established fee payment deadline may have their schedules cancelled and academic progress discontinued for the semester. Students whose schedules are cancelled for non-payment of tuition and fees will not receive grades after the cancellation takes place. For more information, please reference https://regulations.fsu.edu/sites/g/files/imported/storage/original/application/f63ce880bfaf04fa18f1d2163e0f4de4c9.pdf.

It is important that all students ensure they have an active FSU e-mail account. The FSU e-mail account is the official method by which the University will communicate with students concerning any outstanding financial obligations, including outstanding tuition and fees. Students will receive an official e-mail communication from the Office of Student Business Services at the end of the second week of the semester alerting them to the possibility of the cancellation of their current term’s schedule. Students can then pay tuition and fees or make arrangements to pay tuition and fees to avoid having their schedule cancelled.

Students who fail to pay tuition and fees or make formal arrangements to pay tuition and fees by the end of the third week of the semester will receive an e-mail notification from the Office of Student Business Services. This notification will inform the student that his or her schedule has been cancelled and explain appeal process for the reinstatement of their schedule.

Students may check their account status online at any time at https://my.fsu.edu (from the myFSU Portal click Student Central, My Bill) to determine any amounts owed to the University and to verify that payments have been made.

Reinstatement of Student Schedules Cancelled for Non-Payment of Tuition and Fees

Students whose schedules are cancelled for non-payment may reinstate their schedule through immediate and full payment of all tuition and fees and any other delinquent balance owed to the University, plus a $100.00 late payment fee and $100.00 late registration fee. This payment to reinstate must be made prior to the final reinstatement deadline established by the University Registrar each term. Checks or credit card payments that are returned or refused will negate any tuition and fee payment arrangement for the reinstatement of a student’s schedule. The University reserves the right to deny reinstatement when a student has demonstrated a pattern of tuition delinquencies due to delinquent payments.
over a period of two or more semesters. Reinstatements for a given term must be submitted by the deadline. Reinstatement petitions received after the term is over will not be considered.
